Re: License No. 24694  
Case No. 18-027  
Notice of Recommended Civil Penalty

Dear Pharmacist Abdullah:

The Board of Pharmacy (the "Board") conducted an annual inspection of your Pharmacy employer ("Pharmacy A") in Lutherville, Maryland, on August 18, 2017. During that inspection, it was noted that you were registered with the Board to administer vaccinations. However, your CPR certification required to administer vaccinations under your pharmacist's license had expired in April 2017. The Board obtained records from Pharmacy A indicating that you administered approximately 14 vaccinations with an expired CPR certification. You subsequently provided the Board with a valid CPR certification obtained on August 24, 2017.

### **I. FINDINGS AND CONCLUSION**

The Board finds that you administered approximately 14 vaccinations between May 1, 2017, to August 23, 2017, without having a current and active CPR certification

as required in order to administer vaccinations under the authority of your pharmacist license.

A pharmacist must have active CPR certification through in-person classroom instruction in order to register to administer vaccinations in accordance with the Maryland Pharmacy Act, Health Occ. Art. § 12-508(b)(2) and COMAR 10.34.32.03.

## II. RECOMMENDED CIVIL MONETARY PENALTY

Based upon the findings and conclusions above, the Board hereby recommends the imposition of a **civil monetary penalty of \$250.00**.

In determining the recommended civil monetary penalty, the Board took into consideration the aggregating and mitigating factors outlined in COMAR 10.34.11.04.
